

About the Baldrige Performance Excellence Program

Created by Congress in 1987, the Baldrige Program helps organizations improve and succeed in the competitive global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the greater Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by teams of trained experts, presentations and workshops on how to improve, and conferences and other events that showcase best management practices.

These programs rely on the Baldrige Program for the Baldrige Excellence Framework and other resources but operate without financial support from the Baldrige Program. The Partnership for Excellence (www.thepartnershipforexcellence.org) is Ohio, Indiana, and West Virginia's Baldrige-based state awards program. A volunteer-driven, 501c(3) member organization, its mission is to cultivate organizational performance excellence and continuous improvement in Ohio, Indiana, and West Virginia.
