

About the Baldrige Performance Excellence Program

Created by Congress in 1987, the Baldrige Program helps organizations improve and succeed in the competitive global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the greater Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by teams of trained experts, presentations and workshops on how to improve, and conferences and other events that showcase best management practices.

Baldrige in South Dakota

Performance Excellence Network

The Alliance for Performance Excellence (www.baldrigepe.org/alliance/), a network of regional, state, and local Baldrige-based programs, serves organizations from all industry sectors and nearly all U.S. states. These programs rely on the Baldrige Program for the Baldrige Excellence Framework and other resources but operate without financial support from the Baldrige Program. Founded in 1987, the Performance Excellence Network (formerly the Minnesota Council for Quality; www.performanceexcellencenetwork.org/) is a nonprofit that advances improvement and performance excellence in Minnesota, South Dakota, and North Dakota. We identify strengths and improvement opportunities and build networks that bring information, resources, knowledge, and best practices to organizations, individuals, and communities desiring to improve. We serve more than 250 organizations in the Upper Midwest.
