

About the Baldrige Performance Excellence Program

Created by Congress in 1987, the Baldrige Program helps organizations improve and succeed in the competitive global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the greater Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by teams of trained experts, presentations and workshops on how to improve, and conferences and other events that showcase best management practices.

Baldrige in Maine

1 Baldrige examiner from Maine volunteered over \$15,000 in services in 2016.

Northern New England Alliance for Excellence

The Alliance for Performance Excellence (www.baldrigepe.org/alliance), a network of regional, state, and local Baldrige-based programs, serves organizations from all industry sectors and nearly all U.S. states. These programs rely on the Baldrige Program for the Baldrige Excellence Framework and other resources but operate without financial support from the Baldrige Program. Maine is served by the Northern New England Alliance for Excellence (www.nneae.com), a nonprofit organization founded in 2012. Its mission is to promote and recognize the achievement of performance excellence. Products and services provide guidance and/or feedback that support organizations in achieving excellence. The focus is on helping organizations target the most effective approach, providing guidance in implementing that approach, and providing tools and methodologies to assess the results and guide next steps.
