

About the Baldrige Performance Excellence Program

Created by Congress in 1987, the Baldrige Program helps organizations improve and succeed in the competitive global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the greater Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by teams of trained experts, presentations and workshops on how to improve, and conferences and other events that showcase best management practices.

Midwest Excellence Institute

The Alliance for Performance Excellence (www.baldrigepe.org/alliance), a network of regional, state, and local Baldrige-based programs, serves organizations from all industry sectors and nearly all U.S. states. These programs rely on the Baldrige Program for the Baldrige Excellence Framework and other resources but operate without financial support from the Baldrige Program. The Midwest Excellence Institute (<https://midwestexcellence.org>) was established in 1992. It is a 501(c)(3) not-for-profit educational organization funded entirely by memberships and income-generating activities. The Foundation is led by a Board of Directors consisting of key business, education, government, and health care leaders. In 2012, the Institute assumed responsibility for administration of the Kansas Quality Award, a program which honors Kansas organizations that attain the highest level of quality and performance excellence.
