

Created by Congress in 1987, the Baldrige Program helps organizations improve and succeed in the global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. The Alliance for Performance Excellence (www.BaldrigeAlliance.org) is a nonprofit national network of Baldrige-based organizations with a mission to grow performance excellence in support of a thriving Baldrige community. Alliance members include Baldrige-based programs that use the Baldrige Excellence Framework to serve organizations from all sectors in their region, state, or a specific industry. These programs annually evaluate and recognize over 1,000 organizations and serve as the feeder system for the national Baldrige Award.

The Northern New England Alliance for Excellence (www.nneae.com) was founded in 2012 to join the nonprofit Granite State Quality Council in serving organizations in Maine, Vermont, and New Hampshire. Its mission is to inspire and assist organizations in the achievement of performance excellence. Services include coaching and training, networking and best-practice sharing, and assessment and recognition. As part of the larger Baldrige community, the NNEAE provides access to world-class practices that can be adapted to fit the needs of any business, health care organization, school, or government agency.
